Placement Simulator - Interview Report

Role: SDE
Category: dsa
Difficulty: hard

Scores

overall: 10/100
technical: 0/100
communication: 0/100
confidence: 0/100
problemSolving: 0/100
coding: 0/100

Strengths

Weaknesses

- Did not provide any substantive answer to either question.
- Answer consisted only of a code skeleton with no logic or explanation.
- No demonstration of understanding of shortest path algorithms or N-Queens pruning.

Suggestions

- Prepare to explain algorithmic concepts in detail, including steps, edge cases, and limitations.
- Show how to implement the algorithm in code, not just a placeholder.
- Practice articulating reasoning and trade-offs for each problem.

Summary

The candidate failed to answer the interview questions, providing only a placeholder code snippet. No technical or communicative strengths are evident.
